Calling Area Book Clubs

Join us for a very special event!

Bemidji's own **Will Weaver** will join Headwaters Music & Arts for a discussion of his latest book, **Power & Light** on Sunday, May 5th at 2:00 PM.

The March 24th event was postponed due to weather. It is rescheduled for May 5th.

This exciting event is open to book clubs from around the Bemidji area - big or small, near or far. Just bring your best ideas and questions, a copy of your book for Will to sign, and a tray of your club's best bars to share. Also, if you have artifacts or memorabilia from 1930's farm life - the time period in which the book is set - bring them along to share with other attendees.

Don't miss the opportunity to discuss this compelling story with its author, in person. The event is free of charge, although space is limited. Please RSVP/register at info@headwatersmusicandarts.org or 218-444-5606.

Tell your group, read the book, and we'll see you at book club!

This watercolor and gouache class will cover using transparent watercolor and opaque watercolor gouache together. Students will be learning about traditional watercolors and how to use them together with acrylic and watercolor gouache techniques. There will be times when we use the gouache in a transparent watercolor way and at other times when we will be use it like you would use oils and acrylics. Painting surfaces will include paper, Yupo paper, and black watercolor paper. Students will learn how to use these two mediums together to create a different type of style and technique.

It will be like TWO CLASSES IN ONE!

Each day the students will do an exercise in the morning and another in the afternoon to go over many different aspects of each medium they use. Each class and exercise will build on the previous assignment, which will help students learn all that David will want them to take away from this class. David will provide the gouache for the workshop.
